# Monarfloor Impact 18 System

## Sound Protection

### FFT4 Resilient overlay platform floor system.

Monarfloor Impact 18 is an overlay system designed to reduce sound transmission through concrete floors.

When installed as part of a complete sound reduction system it enables a concrete floor to meet the sound transmission regulations of part E.

### Features and Benefits

- **Supports floor loadings as defined in BS EN 1991-1-1:2002 +A1 2010 (Eurocode 1) which stipulates floor loading of 2 kN.**
- **Superior performance** – the recycled Low Resonance Acoustic Chip (LRAC) foam used has excellent impact improvement characteristics and superior stability within a single layer.
- **Flame retardant** – all LRAC foam used in Monarfloor systems is flame retardant.
- **Quality assured** – Monarfloor products meet or exceed all current regulatory requirements.

**Monarfloor® Impact 18 on a concrete deck.**

### Construction

Monarfloor Impact 18 is a composite tongue and groove platform flooring system consisting of an 8mm layer of LRAC foam bonded with a high performance water based adhesive to 18mm V313 P5 chipboard.

*For full details refer to our Product Information and Safety Data Sheet.*

### Product Data

<b>Board Size</b>	2400mm x 600mm
<b>Thickness</b>	26mm
<b>Board weight</b>	22.20kg
<b>Weight/m2</b>	15.42kg
<b>DnT,w</b>	Complies with robust details Ref E-FC-1;
<b>DnT,w + Ctr</b>	E-FC-2 and E-FS-1
<b>L'nT,w</b>	

EN 13707 15 0086-CPD-505779

# Monarfloor Impact 18 System

## Sound Protection

### Installation

- Flank all perimeter with Monarfloor Flanking Band.
- Lay Monarfloor Impact 18 over existing floor in a broken bond pattern, applying Monarfloor Adhesive to all tongue and groove panel joints.
- Install skirting and trim off excess Flanking Band.

For full details including advice on services and penetrations refer to our Deck 18 Installation Sheet or visit our website: [www.monarfloor.co.uk](http://www.monarfloor.co.uk)

### Related Products

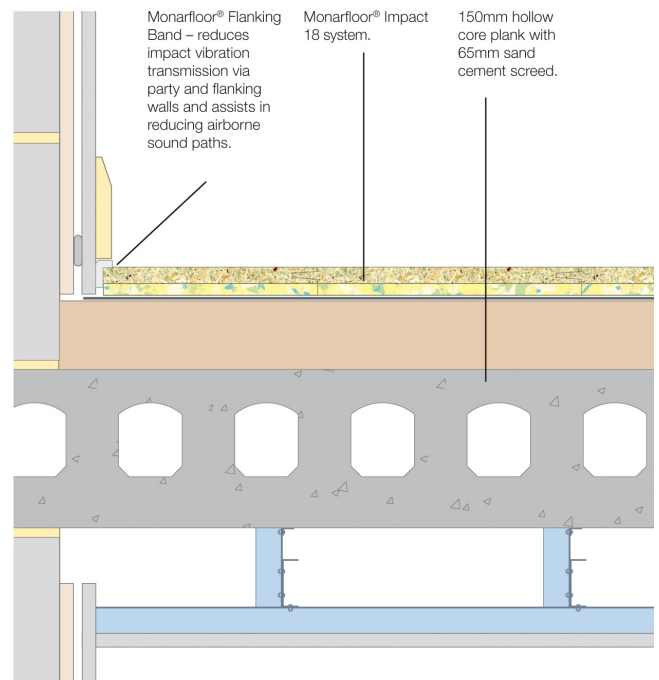

- **Monarfloor Flanking Band** – reduces impact vibration transmission via party and flanking walls and assists in reducing airborne sound paths.

For full details refer to our Monarfloor Flanking Band Data Sheet.

- **Monarfloor Adhesive**

For full details refer to our Monarfloor Adhesive Data Sheet.

Monarfloor® Impact 18 over 65mm sand/cement screed and 150mm precast concrete plank (Robust Details E-FC-1 with FFT4/FFT5 Floating Floor).

### Technical Support

Monarfloor Acoustic Systems offers FREE technical advice and assistance on all aspects of acoustic systems.

We can also undertake site visits to provide contractors with advice and assistance at every stage of a project from concept to completion.
